

Tennessee Oncology Data Analysts Association

TODAA Today (Spring 2021 edition)

Happy Spring to you

Virtual meetings-

Based on your responses to the survey monkey, we are planning on having virtual meetings this year. We will have a virtual regional meeting and annual meeting. Your representatives *already have some excellent speakers who will be presenting.*

Note: Our virtual platform supports our members only. Members will be provided the link and will be eligible to receive CE credit.

Save the dates:

May 21, 2021 Regional meeting-more info to come

October 20, 2021 Annual meeting tentative date-more info to come

Membership-

If you have renewed your membership, you will receive future 2021 correspondence. If you still need to renew your membership, please update your information as well. **You can update your information at any time.**

Note: If you change your last name or job, you will need to complete the application form and send it to our secretary-treasurer, Ying Qi, by email (tumorregistrarsoftn@yahoo.com) or by the mailing address on the form to ensure that your membership is updated correctly and that you are not added as a new member.

The link to renew is *****.todaa.org/join-us.htm

NCRA elections-

Leslie Stroud, our current West Region Representative, is running for one of the Council on Certification Representatives positions and would appreciate your support.

Elections begins on March 29 and will be closing on April 14th.

To learn more about the position visit: [*****.ncra-usa.org/Membership/Nominations-and-Elections/2021-NCRA -Election-Candidates](http://*****.ncra-usa.org/Membership/Nominations-and-Elections/2021-NCRA-Election-Candidates)

Thank you for your consideration and for voting.

Education:

Effective with cases diagnosed 1/1/2021, cancer reporters must use the *International Classification of Diseases for Oncology, Version 3.2* (ICD-O-3.2) in conjunction with the Solid Tumor Rules to assign histology codes for solid tumors. To assist cancer reporters with this change, the North American Association of Central Cancer Registries (NAACCR) has posted a **free** informational webinar on their website ([NAACCR Online Education: Updates/Implementation](https://www.naacccr.org/education/updates-implementation)) named: 2021 Updates: ICD O 3.2 and Solid Tumor Rules. Two category A Continuing Education Units (CEs) have been approved for participation in this webinar. *****education.naacccr.org/updates-implementation

Submit your ideas and information for future **TODAA Today editions** to Tonya Davis-Myers at tdmyers222@gmail.com. Announcements of new CTR's, job opportunities, etc.
